Shared Language Lenguaje compartido

Definitions Definiciones

Distance Education	General term for any type of educational activity in which the participants are at a distance from each other—in other words, are separated in space. They may or may not be separated in time (asynchronous vs. synchronous). In this report, the term <i>distance education</i> is used when referring to a system of education, its history, and its many component parts.
Aprendizaje a distancia	Término general para cualquier tipo de actividad educativa en la cual los participantes están a una distancia uno del otro, en otras palabras, están separados en el espacio. Pueden o no estar separados en el tiempo (asíncrono vs. síncrono).

Definitions

Definiciones

Blended Learning	Situations in which a student learns at least in part at a supervised brick-and-mortar location away from home and at least in part through online delivery with some element of student control over time, place, path, and/or pace; often used synonymously with hybrid learning.
Aprendizaje combinado	Una forma de aprendizaje a distancia en la que la instrucción y el contenido se imparten principalmente a través de Internet.

Definitions

Definiciones

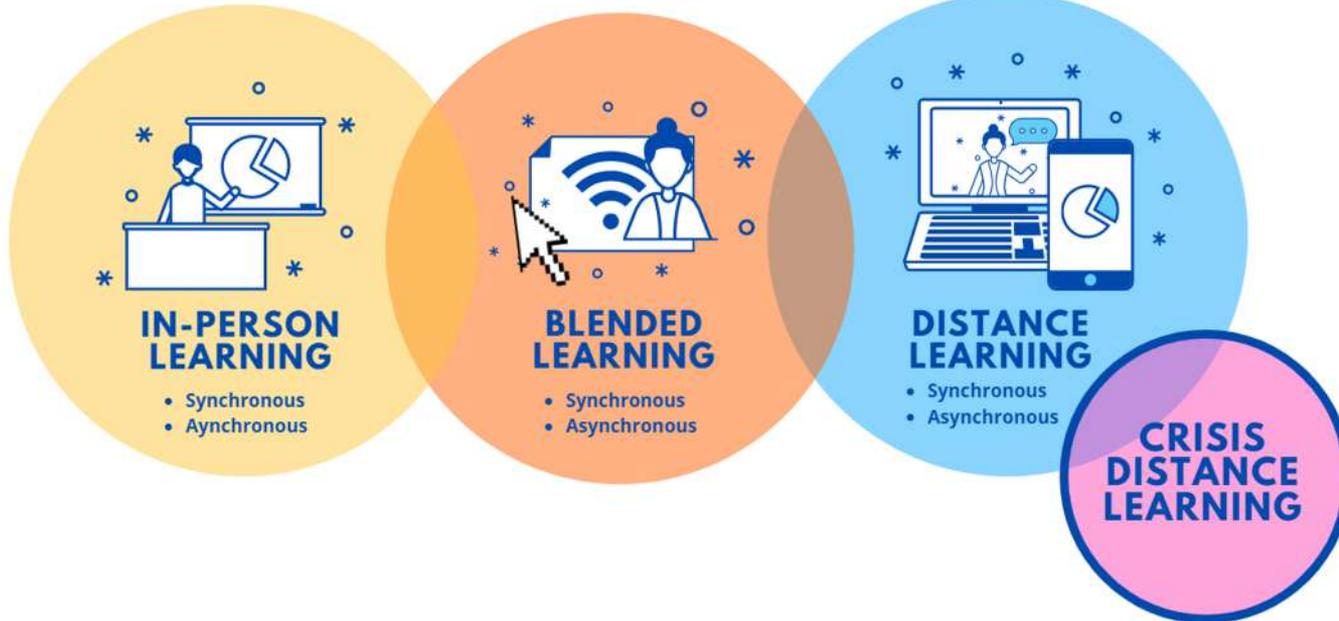

Synchronous Learning	Learning in which participants interact at the same time and in the same space.
Aprendizaje sincrónico	Aprendizaje en el que los participantes interactúan al mismo tiempo y en el mismo espacio.

Definitions Definiciones

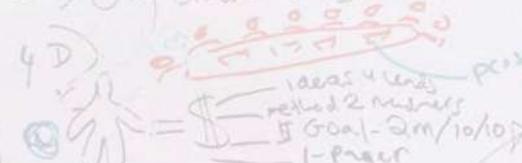

Asynchronous Learning	Learning that occurs in elapsed time between two or more people. Examples include email, online discussion forums, message boards, blogs, podcasts, etc.
Aprendizaje asincrónico	Aprendizaje que ocurre en el tiempo transcurrido entre dos o más personas. Los ejemplos incluyen correo electrónico, foros de discusión en línea, tableros de mensajes, blogs, podcasts, etc.

Tools

Herramientas

- **Learning Management System (LMS)**
Sistema para el manejo del aprendizaje
 - Canvas
 - Google Classroom
 - Moodle
- Share resources, have discussions, collaborate in documents, check for understanding with tests
- Comparta recursos, tenga discusiones, colabore en documentos, verifique la comprensión con las pruebas

Tools

Herramientas

- **Video Conference**
Video conferencia
 - Zoom
 - Google Meet/Hangout
 - WhatsApp
 - Facebook
- Teach a lesson, discuss mental health, collaborate on projects
- Enseñe una lección, hable sobre salud mental, colabore en proyectos

Tools

Herramientas

- **Screencast**
 - ScreenCast-O-Matic
 - Screencastify
 - Captivate
- Record videos of your lessons, work through math problems, show how to research online
- Grabe videos de sus lecciones, resuelva problemas matemáticos, muestre cómo investigar en línea

Open Ended Question

How to Edit

Click [Edit This Slide](#) in the plugin to make changes.

Don't have the Nearpod add-on? Open the "Add-ons" menu in Google Slides to install.

Student Support **Apoyo estudiantil**

- Write instructions in short and simple sentences.
Escribe instrucciones en oraciones cortas y simples.
- Use bullets
Usa balas
- Check for understanding often
- Verifique la comprensión a menudo
- Use more graphics, images, and videos
- Usa más gráficos, imágenes y videos

Student Support Apoyo estudiantil

- Break up content every 15 minutes with quizzes, quick writes, think, pair, share
- Divida el contenido cada 15 minutos con cuestionarios, escrituras rápidas, piense, empareje, comparta
- Ask yourself: without help, would a student know what I want them to do?
Pregúntese: sin ayuda, ¿un estudiante sabría lo que quiero que haga?

Collaboration

Colaboración

- ⦿ Allow students to collaborate and interact as often as possible.
- ⦿ Permita que los estudiantes colaboren e interactúen tan a menudo como sea posible.

Collaboration Colaboración

- Encourage discussion, allow students to partner or work in groups, encourage peer editing of work, allow peer review/feedback
- Fomente la discusión, permita a los estudiantes asociarse o trabajar en grupos, alente la edición por pares del trabajo, permita la revisión / retroalimentación de pares

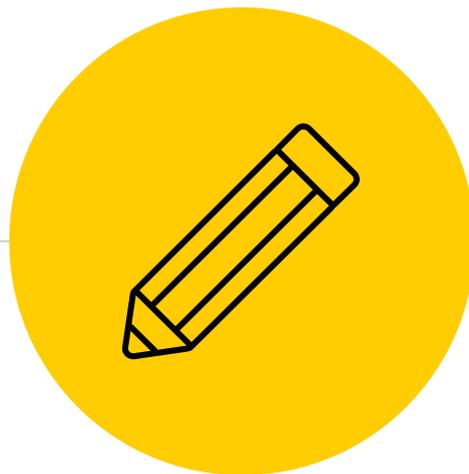

Assessment Evaluación

- ◎ Think of different ways for students to show what they know or learn and reduce the number of tests
- ◎ Piense en diferentes maneras para que los estudiantes muestren lo que saben o aprendan y reduzcan la cantidad de exámenes

Assessment Evaluación

- Give students choice in how they show their learning (presentation, drawing, video, music), allow students to work together on projects to create something to share
- Brinde a los estudiantes la opción de mostrar su aprendizaje (presentación, dibujo, video, música), permita que los estudiantes trabajen juntos en proyectos para crear algo para compartir

Quickwrite **escritura rápida**

Open Ended Question

How might you encourage more collaboration between students?

¿Cómo podría alentar una mayor colaboración entre los estudiantes?

Write one example of how you could use a different type of assessment.

Escriba un ejemplo de cómo podría usar un tipo diferente de evaluación.

New Models

Nuevos modelos

Let Go Déjalo ir

Project-Based Learning **Aprendizaje en base a** **proyectos**

- Students learn by actively engaging in real-world and personally meaningful projects.
- Los estudiantes aprenden participando activamente en proyectos del mundo real y personalmente significativos.

Project-Based Learning

Aprendizaje en base a proyectos

- Create an interactive family tree with voice-overs from living family members.
- Cree un árbol genealógico interactivo con voces en off de miembros de la familia vivos.

Project-Based Learning

Aprendizaje en base a proyectos

- Literary Playlist: Students read texts independently, then create and share music playlists that communicate about characters and themes in their texts and create written “liner notes” explaining their interpretations and reasoning.
- Lista de reproducción literaria: los estudiantes leen textos de forma independiente, luego crean y comparten listas de reproducción de música que se comunican sobre los personajes y los temas en sus textos y crean notas escritas que explican sus interpretaciones y razonamientos.

Inquiry-Based Learning **Aprendizaje basado en la** **indagación**

- Students learn by tapping into their curiosity and explore topics, ask questions, and share ideas.
- Los estudiantes aprenden aprovechando su curiosidad y exploran temas, hacen preguntas y comparten ideas.

Inquiry-Based Learning

Aprendizaje basado en la indagación

- Genius Hour: Students explore a topic they are interested in, passionate about, or want to learn and develop something to share with the class.
- Hora del genio: los estudiantes exploran un tema que les interesa, les apasiona o quieren aprender y desarrollar algo para compartir con la clase.

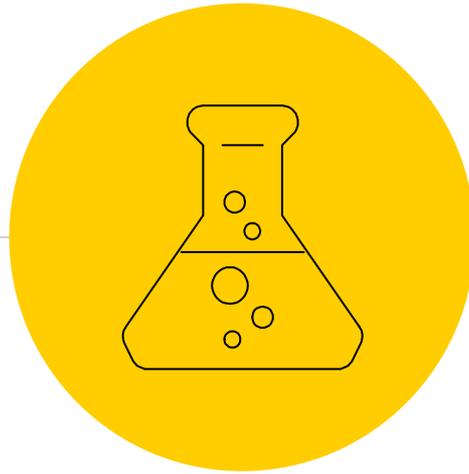

Inquiry-Based Learning **Aprendizaje basado en la** **indagación**

- Ask students: What do you want to know? How will you know if you learned about it? How can you share your learning with others?
- Pregunte a los alumnos: ¿Qué quieren saber? ¿Cómo sabrás si te enteraste? ¿Cómo puedes compartir tu aprendizaje con otros?

Flipped Learning **Aprendizaje invertido**

- Students listen to lessons and do work without the teacher, then join classes to discuss and work through problems
- Los estudiantes escuchan lecciones y trabajan sin el maestro, luego se unen a clases para discutir y resolver problemas

Experiment

Experimentar

Fail and know it's ok

**Fallar y saber que
está bien**

**Connect with teachers
and share resources**

**Conéctese con maestros
y comparte recursos**
